**F 1 PETUNIA HYBRIDS**

The following F 1 Petunia seeds were produced by the oldest and one of the world's best Petunia breeders. They are popularly priced and we intend to keep them so. New varieties will be added after they have been tested and found to measure up to the highest standards established for Petunia Hybrids.

F 1 Petunias surpass open pollinated strains in uniformity of plant habit, flower size, style, and color. They are also much more floriferous. They can be brought to flower quickly for early pot sales. Their usefulness as specimen plants is outstanding. Their uniform habit makes them delightful border subjects. Their solid profuse flowering habit establishes them as wonderful for bedding.
